BUDGET:

Provide a basic budget with estimated expenses. You may only have one budget line, such as field school cost or C14 dating. Or if you propose travel to a distant research center or conference, you may have estimated airfare, hotels, and meals. We only ask for rough estimates and all figures should be rounded. We just want a sense of how the money will be spent. Receipts will be required in the final report.

Whatever the project, provide the total estimated cost of what you want to do. If this grant will only fund a portion of the cost, please write a sentence or two as to how the rest of the cost will be funded.

I understand that if I am awarded this grant I will be expected to sign a contract committing to spend the money as budgeted and submit a written report (500 words), including receipts, within 60 days of completion of the project.
